

KAC-CWT1200C

Digital Wireless Table-Top Professional Chairman Unit

Chairman Unit
KAC-CWT1200C

DESCRIPTION

Introducing the KAC-CWT1200 series of digital wireless table-top audio conference units, meticulously engineered for professional grade performance and user-friendly plug and play functionality. This versatile system operates across a wide range of frequencies, ensuring exceptional sound clarity and intelligibility for all participants.

Designed to enhance communication and collaboration, the KAC-CWT1200 series is perfect for both small teams and large gatherings. Each unit is equipped with a high-quality condenser gooseneck microphone, providing superior audio capture, along with an intuitive On/Off button for ease of use. The sleek, compact design allows for easy integration into any environment.

Additionally, the chairman unit features a priority function. An integrated LED display offers real-time information on selected frequency, battery status, and volume levels, ensuring that users can effortlessly monitor and adjust settings. The KAC-CWT1200 series is the ideal solution for seamless and effective communication in any setting, from corporate meetings to educational workshops and public forums. Experience the difference that professional audio can make in your discussions!

MAIN APPLICATIONS

- The KAC-CWT series is designed to elevate communication in diverse environments. From city halls hosting public forums to conference rooms; our solution ensures crystal-clear audio for every occasion.
